Travel and Expense Reimbursement Policy (FIN-007)

This policy applies to all Nimbu Mart employees who travel for work. It explains what the company pays for, the limits per city tier, and how to file a claim. Version 3, effective 1 July 2025. Owner: Finance team.

1. Booking travel

All flights must be booked in economy class through the Nimbu Travel desk at least 14 days before the travel date. Business class is not allowed for any level. Trains may be booked in 2AC or 3AC. Cabs to and from the airport are reimbursed at actual cost.

2. Daily allowance and hotel limits

The daily allowance (per diem) covers meals and local travel. Hotel limits are per night, including taxes. City tiers follow the same list used for customer delivery.

City tier	Daily allowance	Hotel limit per night
Tier-1 metro	Rs. 3,000	Rs. 7,000
Tier-2 city	Rs. 2,000	Rs. 4,500
Tier-3 town	Rs. 1,500	Rs. 3,000

3. Filing a claim

Submit every claim in the Nimbu Expense portal within 30 days of returning from the trip. Claims filed after 30 days need approval from the Finance Controller. Attach a GST invoice for every hotel stay and every flight. Bills without a GST invoice are reimbursed only up to Rs. 500 per day.

4. Approvals

Your reporting manager approves the claim first. Finance then checks it against this policy. Approved claims are paid in the next payroll cycle.

5. Things we do not reimburse

Alcohol, laundry for trips shorter than 4 nights, traffic fines, and upgrades paid to airlines or hotels are not reimbursed.

6. International travel

International travel needs written approval from a Vice President before booking. The daily allowance for international travel is USD 75 per day. Hotel limits for international travel are decided case by case by the Finance Controller.

7. Questions

Write to the Finance helpdesk on the People portal. Expected response time is 2 working days.
